New Mexico Recycling Coalition
Nominations Committee

Reference: Nomination of Matt Kingsley to the NMRC Board

Greetings:

I am pleased to recommend Matt Kingsley as a candidate for nomination to the Board of Directors of the New Mexico Recycling Coalition. I have known Mr. Kingsley professionally for over four years, as a colleague providing solid waste and recycling operational solutions for New Mexico governmental and private entities.

He has been actively engaged in the registration of transfer stations that include recycling facilities in New Mexico. He has a passion for recycling and has operational and technical knowledge of solid waste and recycling from his years of experience running similar facilities for a major waste firm, actual operational experiences running large MRF's that would add a good perspective to the board.

Thank you for the consideration of his nomination.

Sincerely

A handwritten signature in blue ink that reads "Charles W. Fiedler". The signature is written in a cursive, flowing style.

Charles W. Fiedler, P.E.
